#### 1(a)(ii)

#### (b) Share of (losses)/profits of joint venture

As announced on 21 July 2023, following the periodic assessment of the recoverable amount of the Group's investment in its joint venture, Gardena Bakeries (KL) Sdn Bhd ("GBKL"), the Group had recognised a non-cash impairment of \$9.2 million, as part of the Group's share of profits or losses of joint venture.

The Group had reduced its shareholding in GBKL from 70% to 50% in April 2016 to comply with Malaysian regulatory conditions. GBKL accordingly ceased to be a subsidiary of the Group and became a 50/50 joint venture. Under the shareholders' agreement, the parties are to work towards a listing of GBKL by a specified date, currently 31 March 2028, and if such listing cannot be achieved by then and there is no acquisition by one shareholder of the GBKL shares of the other, GBKL shall be wound up and the shareholders' agreement shall terminate. The joint venture may however be extended by mutual agreement and as previously announced in July 2020, the parties had agreed to an extension of the listing target date from April 2026 to the current March 2028 date.

In accordance with Singapore's Financial Reporting Standards, the Group was required to remeasure its remaining 50% investment in GBKL to its fair value as at 31 March 2016. An external valuer was appointed to perform this valuation. As a result, the Group recorded a net fair value uplift on identifiable assets of \$28.9 million and a goodwill of \$25.0 million arising from this valuation. SFRS(I) requires the Group to assess the recoverable amount of its investment in GBKL periodically. The Group has performed an assessment on the recoverable amount of its investment and determined that a partial, non-cash write-down of approximately \$9.2 million as at 30 June 2023 is required. The accumulated impairment recognised to-date amounts to approximately \$14.2 million. The Group cannot rule out non-cash write-downs of its investment in future years subject to, amongst other things, trading performance, a future decision by the joint venture parties concerning the business beyond 31 March 2028, currency movements and interest rates.

#### (c) Exceptional Items

The Group "Exceptional Items" relate to interim insurance payments received in connection with the severe flooding in Peninsular Malaysia which affected one of the Group's Malaysian factories in December 2021.

#### (d) Discontinued operations

With the completion of the disposal of its Primary Production business on 4 January 2022, the Group recognised a loss on disposal of \$3.8 million, and \$2.5 million of associated costs incurred in relation to the disposal. The total amount of \$6.3 million is reflected as Loss after tax from discontinued operations for 1H 2022.

#### 8. Review of the performance of the group (cont'd)

#### **INCOME STATEMENT (cont'd)**

#### Continuing operations (cont'd)

Group revenue increased by 12% to \$301.6 million for the first half year ended 30 June 2023 ("1H 2023") from \$270.5 million for the first half year ended 30 June 2022 ("1H 2022"). In constant currency terms, Group revenue increased by 16% in 1H 2023 compared to 1H 2022.

The Group's Bakery segment sales increased by 10% (17% in constant currency) to \$216.1 million for 1H 2023. The increased sales contributed to the improved Bakery EBITDA.

For 1H 2023, Distribution & Warehousing segment achieved increase in revenue by 12% or \$8.7 million to \$80.3 million, up from \$71.6 million for 1H 2022, mainly contributed by higher sales to food services, export and retail supermarkets. EBITDA for 1H 2023 increased to \$4.5 million as compared with \$3.2 million for 1H 2022, in line with the increase in revenue.

Other income including interest income increased by 191% or \$2.3 million from \$1.2 million in 1H 2022 to \$3.5 million in 1H 2023 due to higher interest income earned in the rising interest rate environment (see section 1(a)(ii) on page 2).

The Group's costs of materials, staff costs, repairs and maintenance and utilities increased in 1H 2023 in line with higher sales in the Bakery and Distribution & Warehousing segments (see section 1(a)(i) on page 1).

Amortisation and depreciation decreased by 24% or \$3.5 million from \$14.7 million in 1H 2022 to \$11.2 million in 1H 2023 mainly due to a one-off adjustment made in 1H 2023 to revise the useful life of certain property, plant and equipment. Advertising and promotion expenses increased by 62% or \$1.7 million to \$4.5 million in 1H 2023 due to continued efforts by Gardenia Bakeries (Philippines) Inc. ("GBPI") to counter competition.

Other operating expenses increased by 4% or \$1.1 million from \$29.8 million in 1H 2022 to \$30.9 million in 1H 2023 which includes operating lease expense, distribution and transportation expense and foreign currency translation loss. The Group recorded a net unrealised foreign currency translation loss of \$2.2 million in 1H 2023 as compared with \$3.0 million in 1H 2022 (see section 1(a)(ii) on page 2). The major component of the foreign currency translation loss arose from the translation effects from AUD to SGD of the Group's substantial holdings in AUD-denominated cash and cash equivalents.

Group finance costs (interest expense) increased by 34% or \$0.3 million from \$0.8 million in 1H 2022 to \$1.1 million in 1H 2023 due to the higher interest rate environment.

The Group recognised a non-cash impairment of \$9.2 million on the Group's investment in its joint venture in 1H 2023. Please refer to page 3 of this announcement. When combined with the share of operating losses of the joint venture of \$0.8 million for 1H 2023, the Group recorded a total share of losses of \$10.0 million in the joint venture for 1H 2023 as compared to a share of operating profits of \$3.8 million in 1H 2022. The decline in the joint venture operating results is due to the effects of higher raw material costs, higher utilities and increased staff costs associated with the mandatory increase in minimum wage rates.

Exceptional items relate to interim payments received in connection to the claim for insurance relating to the damage sustained at one of the Group's Malaysian factories in December 2021. Insurance payments received to-date were RM25 million (equivalent to \$7.5 million) in 1H 2023 and RM30 million (equivalent to \$9.6 million) in 1H 2022.

Group earnings before interest, tax, depreciation and amortisation ("EBITDA") and exceptional items decreased by 44% from \$23.6 million for 1H 2022 to \$13.1 million for 1H 2023. The decrease in performance of 1H 2023 as compared with 1H 2022 was largely due to the share of losses in the joint venture of \$10.0 million for 1H 2023 as compared to \$3.8 million share of profits for 1H 2022. On the other hand, better performance by both the Bakery and Distribution & Warehousing segments improved the Group's performance.

#### Continuing operations (cont'd)

In relation to the profits before and after tax for the Group, please refer to the table below which sets out a summary:

PAT <b>Margin</b> (%)	1.7%	5.4%

parent ("PATMI") from continuing operations	4.9	14.5	(66)

The increase in Group PBT excluding exceptional items and GBKL impairment for 1H 2023 as compared to 1H 2022 was largely due to lower amortisation and depreciation expense as well as effects of overall increased sales and higher interest income. Group PBT excluding exceptional items and GBKL impairment improved by 51% from \$8.5 million for 1H 2022 to \$12.8 million for 1H 2023. Group income tax expense increased by 78% or \$2.7 million to \$6.1 million for 1H 2023 as compared with \$3.4 million for 1H 2022 in line with the higher PBT.

Group PAT from continuing operations reduced by \$9.7 million or 66% to \$5.0 million in 1H 2023 as compared with \$14.7 million for 1H 2022 mainly due to the impairment of \$9.2 million on the Group's investment in its joint venture. Group PATMI from continuing operations decreased by \$9.6 million to \$4.9 million for 1H 2023 as compared with \$14.5 million for 1H 2022.

#### Discontinued operations

With the completion of the disposal of the Primary Production business in 2022, the Group recognised a loss on disposal, and associated costs incurred for the disposal, of \$6.3 million for 1H 2022.

#### STATEMENT OF FINANCIAL POSITION

Inventories declined by 24% from \$54.3 million as at end of financial year 2022 ("FY 2022") to \$41.1 million as at end of 1H 2023 due mainly to the reduction of inventory holdings in the Distribution & Warehousing business segment, as these inventories were sold during the festive season in the first quarter of the financial year 2023.

Other receivables increased by 14% or \$2.5 million from \$17.3 million as at end of FY 2022 to \$19.8 million as at end of 1H 2023. This was largely due to timing in receipt of royalty income from the joint venture and the prepayment of insurance premia. The royalty income from the joint venture was received subsequently.

Investment in joint venture and associate decreased by 25% or \$15.9 million from \$64.3 million as at end of FY 2022 to \$48.4 million as at end of 1H 2023 due to the Group's share of losses of \$10.0 million on the Group's investment in its Malaysian joint venture (Please refer to page 3 of this announcement), and lower Singapore Dollar equivalent on the Malaysian investment due to a weaker Malaysian Ringgit in 1H 2023.

Trade payables decreased by 24% from \$57.5 million at end of FY 2022 to \$43.5 million as at end of 1H 2023, due to lower inventory holdings.

8. Review of the performance of the group (cont'd)

#### STATEMENT OF FINANCIAL POSITION (cont'd)

Total short-term and long-term borrowings increased by 35% from \$20.8 million as at end of FY 2022 to \$28.0 million as at end of 1H 2023 due to the drawdown of loans for the replacement and reinstatement of the damaged production lines in connection with the severe flooding at one of the Group's Malaysian factories in December 2021, whilst awaiting the finalisation of the insurance claims. Including lease liabilities, the Group's gross gearing ratio is 0.10 times as at 30 June 2023 compared to 0.08 times as at 31 December 2022.

At the end of 1H 2023, the Group's cash and cash equivalent of \$193.6 million is higher than its debt of \$47.5 million, resulting in a net cash position of \$146.1 million. This has decreased from \$175.0 million as at end of FY 2022 mainly due to the dividend payment \$23.0 million.

#### STATEMENT OF CASH FLOWS

Cash and cash equivalents for the Group decreased by 11% or \$23.2 million from \$216.8 million as at end of FY 2022 to \$193.6 million as at end of 1H 2023, resulting mainly from capital expenditure outflow of \$23.5 million and dividend payment of \$23.0 million, offset by cash from operating activities of \$16.4 million and net financing inflows from borrowings and leasing of \$5.1 million.

9. Where a forecast or a prospect statement has been previously disclosed to the shareholders, any variance between it and the actual results.

No deviation. In line with the Company's announcement, Profit Guidance dated 21 July 2023, 1H 2023 operating performance is satisfactory.

10. A commentary at the date of announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The first half of 2023 has seen the Group operating in an uncertain global economic environment, with unstable geopolitical tensions, active application of monetary and government policies, and financial sector vulnerabilities persisting.

As a major player in the consumer food staples sector, the Group has been affected by a heightened cost environment, especially in relation to key raw material commodity costs, electricity and labour. In addition, global supply chain disruptions, tight labour supply and foreign currency exchange rate volatility have continued to affect the Group's business environment.

Although expectations are that inflation rates are abating, and interest rates are nearing their peaks, the Group will continue operating in a high-cost environment. The global supply chain appears to be returning to a more normal cycle, however, there are increasing signs of a global economic slowdown. The foreign currency exchange rate movements will also continue to be volatile, impacting both our business operations and the reported results of our foreign operations.

### 10. A commentary at the date of announcement of the significant trends and competitive conditions of the industry (cont'd)

Despite these headwinds, the Group remains committed to implementing key strategic initiatives that can leverage our strengths to build more resilience.

- The Group will continue to concentrate on stable revenue growth by expanding our distribution channels, developing new products, and making strategic pricing and product mix adjustments to maintain our competitive position.
- The Group will also remain focused on expanding its trading and distribution business. As mentioned previously, this capital-light, scalable approach, will concentrate on the sale and distribution of long shelf-life products and is complementary to our expansive distribution and supply chain network across ASEAN, with the potential to expand into China and the Australasia region.
- Additionally, the Group will continue to review manufacturing and distribution efficiency, capacity utilization and cost management.

In respect of the flood damage at one of our Malaysian factories, the Group has recently provided an update of the insurance claims on 3 July 2023. The Group remains focused on reinstating the affected lines and expects them to be operational before the end of 2023.

As explained in Section 1(a)(ii)(b) on page 3 and in the profit guidance dated 21 July 2023 a non-cash impairment relating to the Group's investment in its joint venture, GBKL, was recognised in 1H 2023. Looking forward, the Group cannot rule out non-cash write-downs of this investment in future years subject to, amongst other things, trading performance, a future decision by the joint venture parties concerning the business beyond 31 March 2028, currency movements and interest rates.

Our strong balance sheet continues with a healthy net asset and cash position. This will allow the Group to pursue any suitable growth opportunities. Our cash reserves are available to assist the Group to withstand unexpected financial stress that may arise.

Given our strong financial position and the resilience of our consumer-focused business, barring unforeseen circumstances, we expect the Group's 2H 2023 operating performance to be satisfactory.
